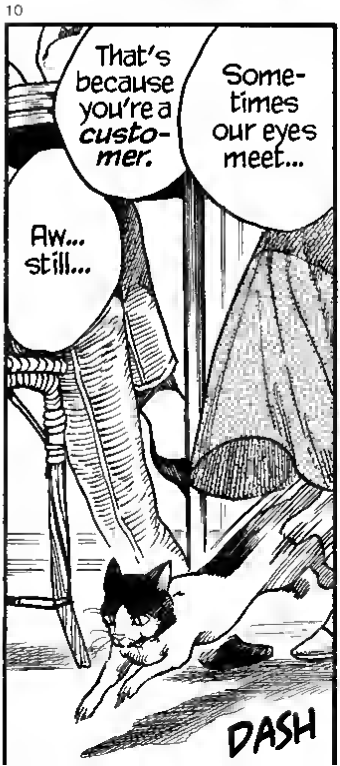
She's always like that... it's like she expects everyone around her to do everything for her.
Yeah, I totally get that.
It's like she's always waiting for you to talk to her, right?

Wouldn't want her to know about my favorite café...
Ooh~ And why's that?

Ugh, again... that's why I told her off to her face.
Wow, you've got guts!
Right?
She wanted to come today too,
but I brushed her off.



That's because you're a customer.
Some-times our eyes meet...
